## SRX<sup>®</sup> STRAP

### – The hookless, elastic compression strap

The SRX<sup>®</sup> Strap is based on the ARX<sup>®</sup> Strap but modified with a new lower profile textiles with elastic yarn. This makes it self-attaching with a slight compression effect in the material. It can be cut without fraying and can be machine washed in 40 degrees C for re-use of the application. Do not use fabric softener when washing as it might ruin the self-attaching effect. The SRX<sup>®</sup> Strap can be used for compression and support for all extremity joints and comes in 5-meter rolls.

- Medium stability
- Elastic with compression
- Ventilated

The SRX<sup>®</sup> Strap is available in the following widths:

#### SRX<sup>®</sup> Strap – 30 mm

EU456030 SRX<sup>®</sup> Strap · 30 mm x 5 m · Camo

#### SRX<sup>®</sup> Strap – 80 mm

EU456080 SRX<sup>®</sup> Strap · 80 mm x 5 m · Camo

#### SRX<sup>®</sup> Strap – 100 mm

EU456100 SRX<sup>®</sup> Strap · 100 mm x 5 m · Camo
